400,000 Trees By Contract

CONTRACT PLANTING

Terms: Net cash, no discounts.

Two hundred fifty trees of any one kind and size at the thousand rate. For less than 250 of one kind, ask for retail price list.

No extra charge for boxes or packing. All orders shipped express unless otherwise specified.

Despite the prevailing economic conditions, there was no decrease in our business last year. We attribute this extraordinary circumstance to the superior quality of our trees and the interest our men take in doing their work well. Last summer, instead of using fewer men to cut down expenses, we used more men than usual and took better care of our trees. We are therefore able to offer you, on the inside of this sheet, the very best trees we have ever grown, and at prices much lower than we have ever before quoted.
